

Price List valid : Q2 2023 start mid june 2023

Complete unit standard pricing shows the most popular configurations with microphone and variants.

Complete Units				Notes
Description	Price	VAT	Total	
RPA3B complete with time stamp and USB cable	£284.00	£56.80	£340.80	RPA3B has a bleed resistor that allows the unit to be powered even in sleep mode by regular battery charge packs, giving long deployment times. Earlier units might require a pulsed load see below .
Weatherproof enclosure with battery management board, RPA3 recorder, remote mic and 3 mtr cable. Complete kit. Using Switchcraft connectors.	£565.00	£113.00	£678.00	
BatWav Ultrasound playback. Power supply/ batteries extra	£595.00	£119.00	£714.00	Please check availability as this is a low demand product
Mic Tester	£144.00	£28.80	£172.80	

Accessories	Price	VAT	Total	There are some particular points about this unit that make it cheap to maintain, I do suggest contacting Peresonic before making a price based decision.
Remote Microphone for use with handheld or weatherproof units	£156.00	£31.20	£187.20	
Remote mic adaptor (fits remote mic to handheld RPA3 with standard 3.5mm audio jack cable)	£25.00	£5.00	£30.00	No longer needed on RPA3, but can be required on earlier versions so please call and enquire
Pulsed load OR bleeder to keep USB pack awake when powering low power sleep mode.	£30.00	£6.00	£36.00	

Special				This allows the PeerSonic mic to be used with SM2 without the chance of accidental shorting. It is designed to still allow user maintainable replacement of the 3.5mm cable at local purchase cost only, saving a lot of maintenance money.
Cable to connect PeerSonic remote mic to SM2 equipment with load protection. - User maintainable at low cost	£66.00	£13.20	£79.20	

Individual components are also available. Peersonic are happy to encourage DIY deployment of the RPA3 main board where users have novel ideas, or want to save cost.

I have changed the policy of having different colours to represent different microphone bandwidth specification, after 9 years I have arrived at a good overall spec, and this save duplication of effort here. Nonetheless custom options are open

Custom : Please enquire if you need a specific bandwidth for particular applications.

Replacements parts etc	Price	VAT	Total	
RPA3 internal microphone for handheld	£33.00	£6.60	£39.60	
RPA3 internal microphone for handheld custom bandwidth requests.	£44.00	£8.80	£52.80	
Time Stamp Module	£40.00	£8.00	£48.00	
Replacement remote mic insert.	£15.00	£3.00	£18.00	
Replacement remote mic insert. Pack of Five	£60.00	£12.00	£72.00	

Beyond standard pricing, and products listed, there are many options as Peersonic equipment is of modular design, and support is ongoing even after 8 years. The intention is to continue in this way.
